Student athletes witnessed enjoyable gains in team competitiveness, athletic development and academic successes. Although Kapaa High School placed second in the KIF; we are encouraged by the way we competed and our students maturing. "Go Warriors" can truly be a rallying boast we all can embrace with pride.

The football team is in need of new equipment this new season to maximize safety and competitive efficiency. The Foundation is hopeful your community pride will motivate a desire to participate in this fundraiser. Businesses and individuals have several avenues to express their generosity by participating in the tournament, be a platinum/ hole sponsor or make a monetary contribution.

We are sensitive to the limited available resources during this extraordinary time. We hope through your thoughtful assessment of your priorities this will be a worthy cause of consideration.

Please submit your sponsor form and /or tournament application by May 28, 2010 or sooner.

Sincerely,

Art Fujita
